## FA-BRAVE HEART 100E MOTORBOAT

100% electric

[www.fa-leisure.com](http://www.fa-leisure.com)

# PRODUCT ADVANTAGES

Inflatable  
boat hull

Easy transport  
& storage

30-minute  
quick assembly

Easy handlebars  
control

Dual motor  
lifting system

Smart cloud  
platform

Safety barrier  
platform

Auto-diagnostic  
system

GPS positioning

100% electric

Advertising-ready  
panels

# PRODUCT PARAMETERS

SPECIFICATIONS	Dimensions	L 366 × W 150 × H 130 cm
	Passengers	1-2 passengers
	Hull Material	Double-layer dropstitch with welding seams
	Inflatable Model Weight	52KG
	Air Chambers	10
	Maximum Load-bearing Capacity	350KG
	Minimum Water Level	26cm
	Standard Package	Battery / battery charger / propellers / control system with cloud platform / GPS barriers
MOTOR & POWER SYSTEM	Motors	600W x 2
	Battery	24V 75AH
	Battery Type	Lithium iron phosphate battery
	Control System	Handlebars control
	Battery Charging Time	5 hours (Replaceable battery)
	Runtime	4 hours
	Speed	8 km/h

# SMART MANAGEMENT CLOUD PLATFORM

Through our smart management cloud platform, you only need a mobile phone or a computer to realize the full process of intelligent management of all boats, including task scheduling, real-time status monitoring, order management and fault management. The PC and mobile terminals are interconnected and compatible with Android and IOS.

- **Order management**
- **Tour package settings**
- **Order timeout reminders**
- **Operational data statistics**
- **Data dashboard & Real-time monitoring**
- **Boats management**
- **Dock management**
- **Fault management & Maintenance**
- **User and role management**

# ABOUT US

- **15** years of experience in high-end water leisure products
- **100+** different countries
- **600+** global customers
- **140+** patents accumulated
- **35,000** square meters factory
- **45** inspection processes

# OUR PRODUCTS

- **AI intelligent boat system**

**Smart management cloud platform**

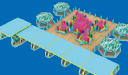

**Boat autonomous driving system**

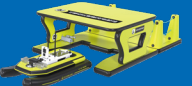

**Boat assisted driving system**
