FA-BRAVE HEART 100H MOTORBOAT

100% electric

www.fa-leisure.com

PRODUCT ADVANTAGES

Inflatable
boat hull

Easy transport
& storage

30-minute
quick assembly

Easy handlebars
control

Dual motor
lifting system

Smart cloud
platform

Safety barrier

Auto-diagnostic
system

GPS positioning

100% electric

Advertising-ready
panels

PRODUCT PARAMETERS

SPECIFICATIONS	Dimensions	L 372 × W 150 × H 130 cm
	Passengers	1-2 passengers
	Hull Material	Double-layer dropstitch with welding seams
	Inflatable Model Weight	52KG
	Air Chambers	10
	Maximum Load-bearing Capacity	350KG
	Minimum Water Level	40cm
	Standard Package	Battery / battery charger / propellers / control system with cloud platform / GPS barriers
MOTOR & POWER SYSTEM	Motors	2000W x 2
	Battery	48V 75AH
	Battery Type	Ternary lithium battery
	Control System	Handlebars control
	Battery Charging Time	5 hours (Replaceable battery)
	Runtime	2 hours
	Speed	12 km/h

SMART MANAGEMENT CLOUD PLATFORM

Through our smart management cloud platform, you only need a mobile phone or a computer to realize the full process of intelligent management of all boats, including task scheduling, real-time status monitoring, order management and fault management. The PC and mobile terminals are interconnected and compatible with Android and IOS.

-  **Order management**
-  **Tour package settings**
-  **Order timeout reminders**
-  **Operational data statistics**
-  **Data dashboard & Real-time monitoring**
-  **Boats management**
-  **Dock management**
-  **Fault management & Maintenance**
-  **User and role management**

ABOUT US

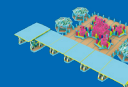

-  **15** years of experience in high-end water leisure products
-  **100+** different countries
-  **600+** global customers
-  **140+** patents accumulated
-  **35,000** square meters factory
-  **45** inspection processes

OUR PRODUCTS

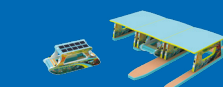

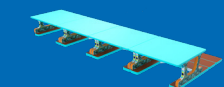

AI intelligent boat system

-  **Smart management cloud platform**
-  **Boat autonomous driving system**
-  **Boat assisted driving system**

Smart water leisure series

-  **Smart luxury catamarans**
-  **Smart electric motorboats**
-  **AI-powered autonomous boats**
-  **Smart floating platforms**

Smart waters operation and maintenance series

-  **Water quality monitoring robot**
-  **Water surface cleaning robot**
-  **Water rescue robot**
-  **Movable automatic charging dock**
-  **Movable smart dock**
