FA-MOON CAT 300H CATAMARANS

100% electric

www.fa-leisure.com

PRODUCT ADVANTAGES

Heavy-duty
inflatable boat hull

Easy transport
& storage

Stainless steel
ladder

Cup holders

Advertising-ready
panels

30-minute
quick assembly

Intelligent
joystick control

Dual motor
lifting system

Smart cloud
platform

Safety barrier

Automatic
safety detection

GPS positioning

Bluetooth audio
connection

100% electric

PRODUCT PARAMETERS

SPECIFICATIONS	Dimensions	L 394 × W 222 × H 120 cm
	Passengers	2 passengers
	Hull Material	Double-layer dropstitch with welding seams
	Inflatable Model Weight	60KG
	Air Chambers	5
	Maximum Load-bearing Capacity	400KG
	Minimum Water Level	40cm
	Standard Package	Battery / battery charger / propellers / control system with cloud platform / GPS barriers
MOTOR & POWER SYSTEM	Motors	2000W x 2
	Battery	48V 75AH
	Battery Type	Ternary lithium battery
	Control System	Joystick control
	Battery Charging Time	4 hours (Replaceable battery)
	Runtime	3 hours
	Speed	10 km/h

SMART MANAGEMENT CLOUD PLATFORM

Through our smart management cloud platform, you only need a mobile phone or a computer to realize the full process of intelligent management of all boats, including task scheduling, real-time status monitoring, order management and fault management. The PC and mobile terminals are interconnected and compatible with Android and IOS.

- **Order management**
- **Tour package settings**
- **Order timeout reminders**
- **Operational data statistics**
- **Data dashboard & Real-time monitoring**
- **Boats management**
- **Dock management**
- **Fault management & Maintenance**
- **User and role management**
